HOW MEN BECOME MILLIONAIRES.

One month ago I advised in this space to BUY OCTOBER COTTON AROUND SEVEN CENTS; I said: "3250 will buy 100 bales and one cent per pound advance would give a profit of \$500. To-day (the 25th of August) it is selling at eight and one-quarter cents, equivalent to a profit of \$425. Several Vermont people acted on my advice and have made this profit and more. Cotton is going still higher and TEN CENTS WILL BE THE PRICE WITHIN THREE MONTHS. I still say, buy Mesa Pork for January below \$10 and you will make a sure profit and a big one.
